## SERVICE PROFILE

- United Readiness LLC offers its consulting services to businesses ranging in size from micro to global. Our services include cultural management, which encompasses topics such as change management, diversity, equality, and inclusion, while also reengineering based on lean six sigma approaches to increase productivity and save expenses.
- The company owners, human resources directors, program managers, presidents, and CEOs of companies that have between 5 and 500 personnel in white collar executive roles make up the target demographic for United Readiness LLC. Our customers typically require assistance with office processes such as job tracking, production, getting the most out of meetings, leadership, financial or hiring best practices, and other needs relevant to people driven process who serve in a management role within small or large organizations. In addition, our customers typically require assistance with other needs relevant to potential customers who are in the position of hiring new employees. Our mission is to assist businesses that are hampered by tedious procedures, cumbersome bureaucracy, or technical specialists who lack expertise in leadership positions.
